- Situation = outskirts of a trendy city (London or New York)
- Big living room with a large velvet sofa and a big TV.
- 2 bedrooms.
- Game room with Wii, ping pong table and CD-player.
- Gym, swimming pool and garden with a small basketball court.

Making a poster

1. **B2i** Open a 3D modeling program (Sketchup).
2. Design the interior of your ideal home: choose the number of rooms, the furniture...
3. Use the "print screen" key, open a word processor (Word, Open Office) and copy your ideal home.
4. Save it in your personal files on your computer, name it "My ideal home project".
5. Click the File menu then Print.
6. In the Print dialog box, click on "preferences", "properties" or "advanced" to choose the correct printing options (colour or black and white, printing qualities...).
7. Print your work and stick it on your poster with photos and your text.
